Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Adobe art cited was discussed with respect to the currently amended claims. It was agreed that the amendments overcome the cited art and that the amended claims would be subject to additional search. In addition, the 101 rejection of claims 27 and 29 was discussed with reference to the "carrier wave" language of paragraph 0024 of the specification. No immediate agreement was reached on the need to amend either claim 27 or the specification. Applicant was informed that the "software architecture" language of claim 29 would be deemed non-statutory under 35 USC 101. .
